Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of The Municipality of Central Manitoulin (the "Municipality") are the responsibility of the Municipality's management and have been prepared in compliance with legislation, and in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of The Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in note 1 to the consolidated financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Municipality's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by Management.

Council meets with Management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by KPMG LLP, independent external auditors appointed by the Municipality. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Municipality's consolidated financial statements.

INDEPENDENT AUDITORS' REPORT

To the Members of Council, Inhabitants and Ratepayers of The Municipality of Central Manitoulin

We have audited the accompanying consolidated financial statements of The Municipality of Central Manitoulin, which comprise the consolidated statement of financial position as at December 31, 2016, the consolidated statements of operations and accumulated surplus, change in net financial assets (debt) and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects the consolidated financial position of The Municipality of Central Manitoulin as at December 31, 2016, and its results of operations, its changes in net financial assets (debt) and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Notes to Consolidated Financial Statements

Year ended December 31, 2016

The Municipality of Central Manitoulin is a municipality in the Province of Ontario, Canada. It conducts its operations guided by the provisions of provincial statutes such as the Municipal Act and other related legislation.

1. Significant accounting policies:

The consolidated financial statements of the Municipality of Central Manitoulin (the "Municipality") are prepared by management in accordance with Canadian generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board and the Chartered Professional Accountants of Canada. Significant aspects of the accounting policies adopted by the Municipality are as follows:

- (a) Reporting entity:
 - (i) These consolidated financial statements reflect the assets, liabilities, revenues and expenses and include the activities of all committees of Council and the following boards which are under the control of Council:

Central Manitoulin Public Library Board Central Manitoulin Cemetery Board Community Centre Board

All interfund and inter-organizational transactions and balances between these organizations are eliminated.

(ii) The Municipality collects taxation revenue on behalf of the school boards.

The taxation, other revenues, expenses, assets and liabilities with respect to the operations of the school boards are not reflected in the municipal fund balances on these financial statements (note 7).

- (iii) Trust funds and their related operations administered by the Municipality are not included in these financial statements but are reported on separately on the Trust Funds financial statements (note 8).
- (b) Basis of accounting:

Sources of financing and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay. Amounts applied to specific operating and capital projects are recorded as revenue in the fiscal period in which the funds are expended on these projects.

Year ended December 31, 2016

1. Significant accounting policies (continued):

(c) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, design, construction, development, improvement or betterment of the tangible capital asset. The cost, less residual value, of the tangible capital assets, excluding land and landfill sites, are amortized on a straight-line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Water and sewer	40
Vehicles and equipment	10 - 25
Buildings	10 - 50
Roads	10 - 15
Road signs and street lights	10 - 30
Bridges and culverts	30 - 50
Furniture, equipment and books	5 - 20

Landfill sites are amortized using the units of production method based upon capacity used during the year.

Annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

(i) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

(ii) Natural resources

Natural resources that have not been purchased are not recognized as assets in the financial statements.

(iii) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

(d) Other current liabilities:

Other current liabilities represent cash received for which the related services or inspections have yet to be performed or eligibility criteria have not been met. These amounts will be recognized as revenues in the fiscal year the services are performed and eligibility criteria have been met.

Notes to Consolidated Financial Statements

Year ended December 31, 2016

1. Significant accounting policies (continued):

(e) Landfill liability:

The liability for closure of operational sites and post-closure care has been recognized based on estimated future expenses, estimated inflation and the usage of the site's capacity during the year.

(f) Investments:

Investments are carried at market value.

(g) Use of estimates:

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the periods specified. Significant items subject to such estimates and assumptions include the valuation allowances for taxes and accounts receivable, the carrying value of tangible capital assets and provisions for accrued liabilities and landfill liabilities.

Actual results could differ from those estimates. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

4. Long-term liabilities:

Long-term liabilities reported on the consolidated statement of financial position are made up of the following:

	2016	2015
Bridge, vehicle and equipment loans (a) Ontario Strategic Infrastructure Financing	\$ 722,261	\$ 860,708
Authority (OSIFA) (b)	469,459	495,753
	\$ 1,191,720	\$ 1,356,461

(a) Bridge, vehicle and equipment loans are at rates of 2.47% - 4.14% and expire from 2018 to 2023. They are secured by the related asset and a general security agreement over assets of the Municipality. Principal payments are as follows:

2019	100,224
2020	104,417
2021	108,784
2022 and subsequent years	120,297

- (b) The OSIFA debentures expire in 2028, bear interest at 5.89% and are repayable in blended semi-annual payments of \$27,557.
- (c) The Municipality has an unutilized credit facility in the amount of \$500,000.

Year ended December 31, 2016

5. Solid waste management liabilities:

The Environmental Protection Act sets out the regulatory requirements to properly close and maintain all active and inactive landfill sites. Under environmental law, there is a requirement for closure and post-closure care of solid waste landfill sites. This requirement is to be provided for over the estimated life of the landfill sites based on usage.

Landfill closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, pumping of ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over terms using the best information available to management. Future events may result in significant changes to the estimated total expenditures; capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

Estimated total expenditures represent the sum of the discounted future cash flows for closure care activities discounted at the most recent 10-year annual average of Long-Term Government of Canada Benchmark Bond Yields of 3.60% and the discounted future cash flows for post-closure care activities at the 10-year running average inflation rate for Non-Residential Building Construction Price Indices of 3.60%. The estimated total landfill closure and post-closure care expenditures are calculated to be \$1,162,843 (2015 - \$1,436,190). The estimated liability for these expenditures is recognized as the landfill site's capacity is used. At December 31, 2016, an amount of \$926,000 (2015 - \$1,078,000) with respect to landfill closure and post-closure liabilities has been accrued.

The estimated remaining capacity of the landfill sites is 69,785 (2015 - 75,010) cubic meters. Four of the five sites are closed. The period for post-closure care is estimated to be 25 years. The Municipality has established a reserve of \$290,000 to date to provide for these obligations.
