## **Management's Responsibility for the Consolidated Financial Statements**

The accompanying consolidated financial statements of The Municipality of Central Manitoulin (the "Municipality") are the responsibility of the Municipality's management and have been prepared in compliance with legislation, and in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of The Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in note 1 to the consolidated financial statements. The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Municipality's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by Management.

Council meets with Management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by KPMG LLP, independent external auditors appointed by the Municipality. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Municipality's consolidated financial statements.

## INDEPENDENT AUDITORS' REPORT

To the Members of Council, Inhabitants and Ratepayers of  
The Municipality of Central Manitoulin

### ***Opinion***

We have audited the consolidated financial statements of The Municipality of Central Manitoulin (the "Entity"), which comprise:

- the consolidated statement of financial position as at December 31, 2019
- the consolidated statement of operations for the year then ended
- the consolidated statements of changes in net financial assets (debt) for the year then ended
- the consolidated statement of cash flows for the year then ended
- and notes to the consolidated financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements")

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Entity as at December 31, 2019, and its consolidated results of operations, its consolidated changes in net debt and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### ***Basis for Opinion***

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibility under those standards are further described in the "***Auditors' Responsibilities for the Audit of the Financial Statements***" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

***Responsibility of Management and Those Charged with Governance for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, internal omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to the events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Notes to Consolidated Financial Statements

Year ended December 31, 2019

---

The Municipality of Central Manitoulin (the "Municipality") is a municipality in the Province of Ontario, Canada. It conducts its operations guided by the provisions of provincial statutes such as the Municipal Act and other related legislation.

### 1. Significant accounting policies:

The consolidated financial statements of the Municipality are prepared by management in accordance with Canadian generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board and the Chartered Professional Accountants of Canada. Significant aspects of the accounting policies adopted by the Municipality are as follows:

(a) Reporting entity:

- (i) These consolidated financial statements reflect the assets, liabilities, revenues and expenses and include the activities of all committees of Council and the following boards which are under the control of Council:

Central Manitoulin Public Library Board  
Central Manitoulin Cemetery Board  
Community Centre Board

All interfund and inter-organizational transactions and balances between these organizations are eliminated.

- (ii) The Municipality collects taxation revenue on behalf of the school boards.

The taxation, other revenues, expenses, assets and liabilities with respect to the operations of the school boards are not reflected in the municipal fund balances on these consolidated financial statements (note 7).

- (iii) Trust funds and their related operations administered by the Municipality are not included in these consolidated financial statements but are reported on separately on the Trust Funds financial statements (note 8).

(b) Basis of accounting:

Sources of financing and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay. Amounts applied to specific operating and capital projects are recorded as revenue in the fiscal period in which the funds are expended on these projects.

## 1. Significant accounting policies (continued):

### (c) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, design, construction, development, improvement or betterment of the tangible capital asset. The cost, less residual value, of the tangible capital assets, excluding land and landfill sites, are amortized on a straight-line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Water and sewer	40
Vehicles and equipment	10 - 25
Buildings	10 - 50
Roads	10 - 15
Road signs and street lights	10 - 30
Bridges and culverts	30 - 50
Furniture, equipment and books	5 - 20

---

Annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

#### (i) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

#### (ii) Natural resources

Natural resources that have not been purchased are not recognized as assets in the consolidated financial statements.

#### (iii) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these consolidated financial statements.

### (d) Deferred revenue:

Deferred revenue represents cash received for which the related services or inspections have yet to be performed or eligibility criteria have not been met. These amounts will be recognized as revenues in the fiscal year the services are performed and eligibility criteria have been met.

## 1. Significant accounting policies (continued):

### (e) Landfill liability:

The liability for closure of operational sites and post-closure care has been recognized based on estimated future expenses, estimated inflation and the usage of the site's capacity during the year.

### (f) Investments:

Investments are carried at market value.

### (g) Use of estimates:

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the periods specified. Significant items subject to such estimates and assumptions include the valuation allowances for taxes and accounts receivable, the carrying value of tangible capital assets and provisions for accrued liabilities and landfill liabilities.

Actual results could differ from those estimates. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

Employee benefits obligation	142,147	134,724
	<u>\$ 882,613</u>	<u>667,141</u>

### 4. Long-term liabilities:

Long-term liabilities reported on the consolidated statement of financial position are made up of the following:

	2019	2018
Building and bridge loans (a)	\$ 1,098,028	1,303,754
Ontario Strategic Infrastructure Financing Authority (OSIFA) (b)	380,765	412,061
	<u>\$ 1,478,793</u>	<u>\$ 1,715,815</u>

(a) Building and bridge loans are at rates of 3.10% - 3.26% and expire from 2023 to 2028. They are secured by the related asset and a general security agreement over assets of the Municipality. Principal payments are as follows:

2020	\$ 199,904
2021	199,904
2022	199,904
2023	104,274
2024	96,500
2025 and subsequent years	297,542
	<u>\$ 1,098,028</u>

(b) The OSIFA debentures expire in 2028, bear interest at 5.89% and are repayable in blended semi-annual payments of \$27,556.

(c) The Municipality has an unutilized credit facility in the amount of \$500,000.

## 5. Solid waste management liabilities:

The Environmental Protection Act sets out the regulatory requirements to properly close and maintain all active and inactive landfill sites. Under environmental law, there is a requirement for closure and post-closure care of solid waste landfill sites. This requirement is to be provided for over the estimated life of the landfill sites based on usage.

Landfill closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, pumping of ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over terms using the best information available to management. Future events may result in significant changes to the estimated total expenditures; capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

Estimated total expenditures represent the sum of the discounted future cash flows for closure care activities discounted at the most recent 10-year annual average of Long-Term Government of Canada Benchmark Bond Yields of 2.57% and the discounted future cash flows for post-closure care activities at the 10-year running average inflation rate for Non-Residential Building Construction Price Indices of 2.56%. The estimated total landfill closure and post-closure care expenditures are calculated to be \$1,380,826 (2018 - \$1,331,780). The estimated liability for these expenditures is recognized as the landfill site's capacity is used. At December 31, 2019, an amount of \$853,000 (2018 - \$821,000) with respect to landfill closure and post-closure liabilities has been accrued.

Application to the Province is made to authorize continued use of landfill sites. The estimated remaining capacity of the landfill sites is 65,539 (2018 – 66,545) cubic meters. The Ministry of the Environment, Conservation and Parks has permitted use of the site to July 30, 2019. A design and operations plan has been submitted and is pending approval. Management anticipates this approval. Four of the five sites are closed. The period for post-closure care is estimated to be 25 years. The Municipality has established a reserve of \$386,703 to date to provide for these obligations.

## 8. Trust Funds:

Trust Funds administered by the Municipality amounting to \$91,184 (2018 - \$89,351) have not been included on the consolidated statement of financial position nor have their operations been included in the consolidated statement of operations and accumulated surplus.

## 9. Pension agreement:

The Municipality makes contributions to the Ontario Municipal Employees' Retirement Fund (OMERS), which is a multi-employer plan, on behalf of certain members of its staff. The plan is a defined benefit plan which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay.

The amount contributed to OMERS for 2019 was \$90,994 (2018 - \$80,315) for current service.

## 10. Budget information:

The chart below reconciles the approved operating and capital budgets of the Municipality to the budget information reported on the Consolidated Statement of Operations and Accumulated Surplus.

Approved budget:
